Dear John:

I would like to express to you (and to the members of your team) my sincere appreciation for the wonderful work that you have performed on my property. It truly has been a transformation.

Over the three days of work, I was impressed with the careful attention to detail and the extra effort to ensure that the finished product was completed to a high standard. As well, I appreciated the courteous manner in which the team members answered my concerns and interacted with each other.

I would be pleased to have additional work done in the future with your company and would definitely recommend it to others.

Thank you again!

Sincerely,

*Ruth Schellenberg*
